To date Fountain schools has witnessed gradual but steady growth both in infrastructure and enrollment in guidance by our core values;

INTEGRITY

SERVICE & RESPONSIBILITY

TEAMWORK

EXCELLENCE

PROFESSIONALISM

CREATIVITY

INNOVATION

RESPONSIVENESS

PASSION AND COMMITMENT

HISTORY OF FOUNTAIN SCHOOLS

Fountain Schools was founded in the year 1999 as a humble Christian based Kindergarten following powerful inspiration of its founder; The late Mama Annah Koech, who has great value for education in life.

Following her insatiable desire to learn which was thwarted by the then societal attitude against girl child education, Mama Annah Koech couldn't learn to the level of her wish. She thus opted to establish Fountain Schools to facilitate children education as an indirect way of achieving her lifetime desire to learn since she believes that education of a child is education for all society.

This great inspirational drive culminated to the establishment of this school on 11th January 1999 which saw the school opening with a meager number of seven pupils as its first admissions the whole of that year.

This number would grow gradually through many challenges in the subsequent years but this didn't kill the initial desire to develop the school. Currently the total pupil population is 616 with 304 girls and 312 boys.

The year 2004 is a year to reckon in the school's history. This was a time when the school for the first time established class one to absorb pupils who had completed the pre-primary education after five years. This would see the school growing at a rate of a class every year to date where we managed to have the school's pioneer candidate group ready to sit for KCPE in the year 2011.

Still being focused to the original inspiration of its founder, we aim at developing the school into a large educational centre to prove true its real name "FOUNTAIN SCHOOLS".

To achieve this we aim at offering an excellent learning environment that will give every child equal opportunities to unleash their potential to the fullest through curriculum and co-curricular activities that are friendly.

Christian values are a core pillar our school since it is our believe that excellence comes from the Almighty God who perfects our being.

It is our greatest desire to cooperate with the entire school community towards the achievement of our much desired goals.

SCHOOL ENROLLMENT

In 1999 the school started with three children and three teachers and by the end of the first year it had enrolled seven pupils. Today Fountain has a total enrollment of 608 pupils and 34 teachers.

As illustrated below:

CLASS	PG	PP1	PP2	1	2	3	4	5	6	7	8	TOTAL
ROLL	10	47	38	47	95	64	74	60	56	59	58	608

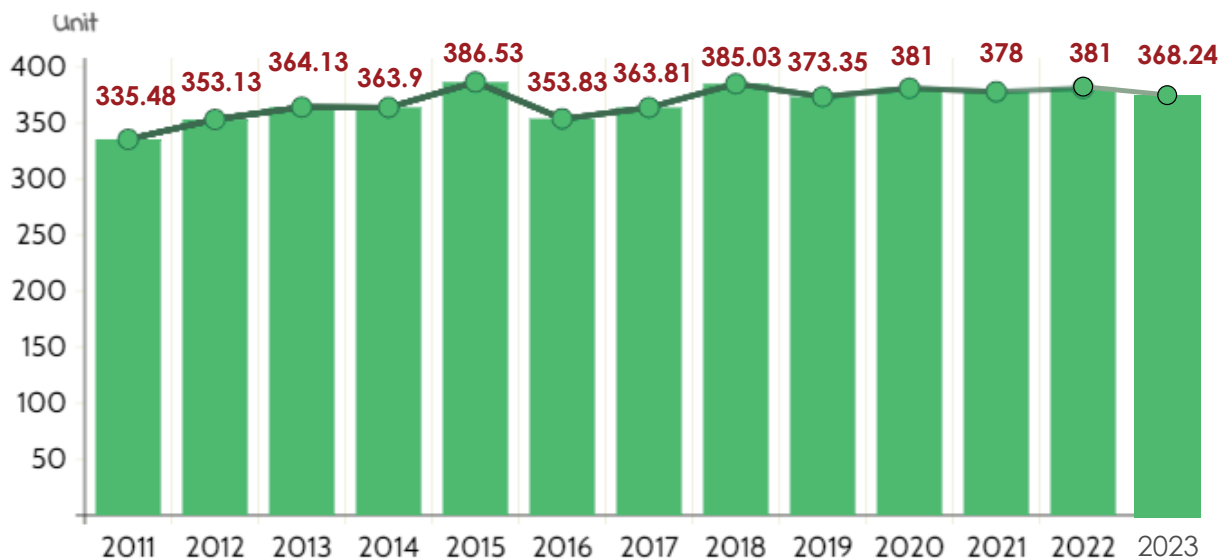

INFRASTRUCTURE

The school began in three rental mabati houses where the pre-school stands. Today our pre-school consists of seven classes, a dining room and a proposed computer room. The primary section is a two storey building housing fifteen classes, stores, offices and water closet facilities. The school has also constructed state-of-the-art boarding Facilities and multi-purpose-hall.

ACADEMIC ACHIEVEMENTS

The first candidates were registered in 2011 and managed to achieve a mean standard score of 335.48 since then the growth has been exciting and humbling at the same time as per illustration.

SCHOOL MEAN SCORE JOURNEY

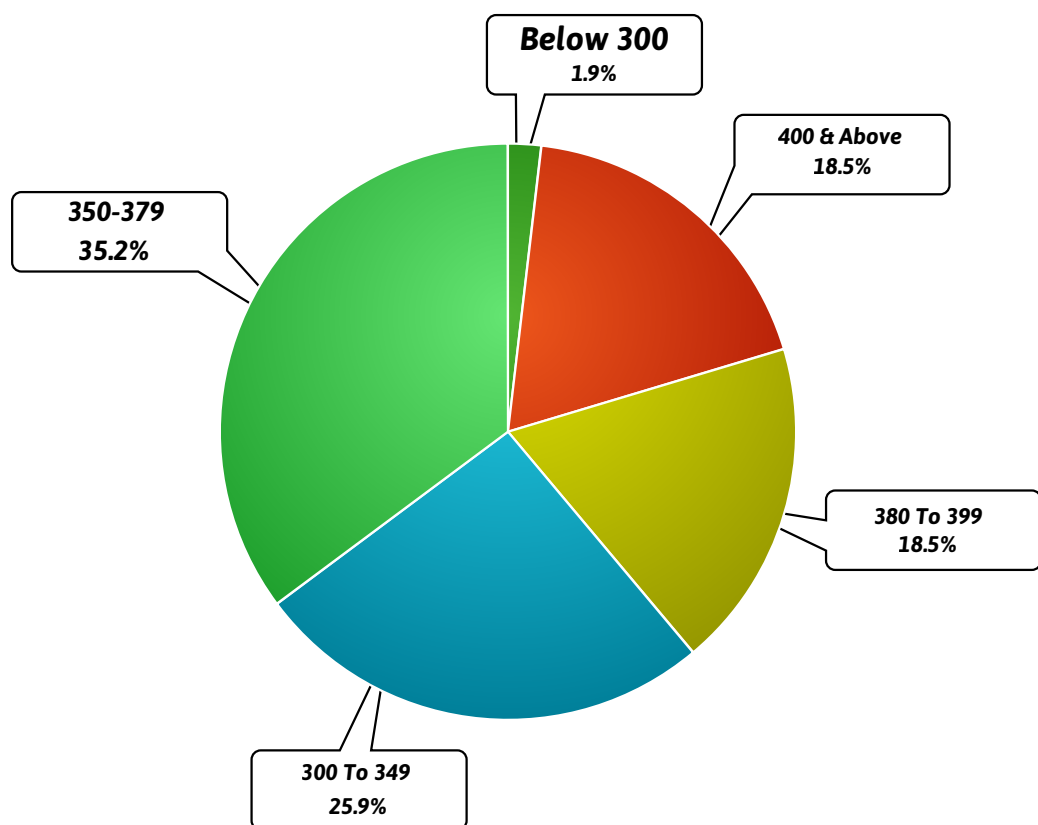

2023 KCPE RESULTS ANALYSIS

MEAN SCORE: 368.24

400 & ABOVE — 10	MATHS — 78.70
